***Dumpster Mate  
is an integrated,  
dumpster  
enclosure  
system  
designed for the  
waste industry.***

## **WHAT IS DUMPSTER MATE?**

Dumpster Mate integrates with steel and plastic dumpsters as part of the patent pending, Dumpster Mate Enclosure Solution. This unique solution enables quick, hassle free and efficient solid waste pick-up.

## **DUMPSTER MATE'S FEATURES:**

- ◆ Driver friendly eliminates the need to get out of the truck decreasing time to complete a stop
- ◆ Works with most 6 and 8 yard steel or plastic dumpsters
- ◆ Creates new revenue stream for waste companies to lease the Dumpster Mate to their customers
- ◆ Saloon doors streamline pick-ups increasing productivity
- ◆ Works with existing pads and standard pads
- ◆ Made out of durable polyethylene (plastic)
- ◆ Modular design providing flexibility
- ◆ Environmentally friendly reduced carbon footprint — 100% recyclable
- ◆ Easy to maintain — no rust or fading
- ◆ Resistant to UV rays, saltwater and other chemicals
- ◆ Custom colors available
- ◆ No refurbishing or repainting required
- ◆ Portable — can be moved from one location to another
- ◆ Easy assembly with installation in a few hours
- ◆ Affordable with leasing option available
- ◆ 5 year warranty
